

Grooming Services by Adriana

AUTHORIZATION FOR GROOMING SERVICES

Date: _____

Client Name: _____

Account Phone Numbers: _____

Email Address: _____

Animal Name: _____ Species: _____ Breed: _____

Sex: _____ Birthday: _____

It is a requirement of Houston Veterinary Hospital that all animals receiving grooming services be current on their vaccinations. This includes Distemper, Hepatitis, Leptosporosis, Parainfluenza, Parvo, Corona, Bordatella, and Rabies. In a grooming setting there are lots of dogs and cats with lots of different backgrounds. The close proximity of these animals, their risk of infection could be higher if the animal is not current on their vaccines. Should vaccines need to be updated they will be done at the owner's expense.

_____ **Owner's Initial**

Every attempt will be made to preserve the hair coat and perform the grooming style requested by you, the owner. However, in cases of matting or tangling of the hair coat, it could mean it would be inhumane to proceed with the grooming style requested. In these circumstances, you will be notified and verbally asked how you would like to proceed.

_____ **Owner's Initial**

I understand and release Adriana to perform grooming services for my pet:
